Headteachers Award

Alyssa Charman in 5W received a headteachers award today for writing an excellent film review of "Tales of the Night" in Film Club. Her review was selected as "review of the week"

by filmclub.org (a national film organisation). Over 7,000 clubs and 200,000 children are part of Film Club and Alyssa's review was chosen over all other clubs. She is also receiving a prize from Film Club as part of her winning review. (see below)

Tales of the Night is a collection of French tales. It's brilliant - really brilliant!

The three characters are all actors and they act out every story with their own costumes. It is a cartoon film and all the characters are silhouettes so they look 2D! This story contains princes, princesses, magic, and much, much more! Do you think you can take it?

My favourite story was about one set in Africa and it's a story about a normal African boy who loves drumming tom-toms! But nobody else does. Can he finally succeed in his dream to play the magic tom-tom he's heard so much about?

I would rate this 4/5, and say children 7+ would enjoy it more than younger children. Go watch it now!

GET TO KNOW THE STAFF

This week, the school council has interviewed one of our Governor's, Effie Robertson. Chair of the finance and personnel committee. She has a special responsibility for SEN and ICT.

Most importantly, is a mum to 3 children. Here's your chance to find out some interesting facts about her

Have you had any other jobs?

I am an Enterprise Architect at Thomson Reuters. This has absolutely nothing to do with buildings; it's all about IT systems. My first ever job was selling popcorn in a cinema.

What else are you good at?

I'd like to think I'm quite a good cook. I enjoy trying out lots of new recipes.

Do you like animals?

I do like animals, although don't have any pets. We visited a friends farm the other week, and I held a 2 day old lamb, which was a real treat.

What are your hobbies?

I like watching films. I also play violin, and sometimes play in an orchestra.

What is your favourite dish?

Probably pizza, or Indian food.

If you could meet a celebrity, who would it be?

Barack Obama - he's such an inspirational person.

At School, what subjects did you enjoy?

I enjoyed most of them, although I was rubbish at PE! I studied Physics and French at university.

Where are you from?

I was born just down the road in Plumstead, but moved to Kent when I was 3, then Scotland, then Lancashire. I've also lived in Liverpool, Grenoble, Paris and New York. But I've lived in Charlton for 11 years now, and it definitely feels like home.

What do you dislike most?

I have an irrational hatred of tripe, formed from childhood memories of my great aunt cooking it every week.
