

This Risk Assessment and Planning document should be carried out with reference to Government guidance and existing Health and Safety Guidance.

The aim of the document is to minimise the potential risks of Covid – 19 and ensure that the health, safety, social and educational needs of children, families and staff are met as far as possible during this next recovery phase.

The following principles underpin all planning and actions:

- Children’s needs are paramount
- Staff physical and emotional well-being must be considered at all stages of planning and implementation
- Ensuring effective infection protection and control and preventing the spread of coronavirus -e.g. dealing with direct transmission (for instance, when in close contact with those sneezing and coughing) and indirect transmission (via touching contaminated surfaces).
- Minimising contact with individuals who are unwell by ensuring that those who have coronavirus symptoms, or who have someone in their household who does, do not attend childcare settings, schools or colleges
- Cleaning hands more often than usual
- Ensuring good respiratory hygiene by promoting the ‘catch it, bin it, kill it’ approach
- Cleaning frequently touched surfaces often using standard products, such as detergents and bleach
- Maintaining social distancing and minimising contact and mixing by altering, as much as possible, the environment (such as classroom layout) and timetables (such as staggered break times)

School: Sherington Primary School	Assessment Date: Initial assessment 13/5/20 Revised 20/7/20 for September opening in line with DfE Guidance for full opening – schools Revised 31/8/20 in line with new DfE Guidance for full opening – schools update 28/8/20	Assessed by: Dan O’Leary – Acting Deputy Head Amanda Burnell – Acting Headteacher Gail Tippett – SENCo/DSL Peter Hall – Premises Manager Susie Healy – School Business Manager	Approved by: Governing Body

		<p>7.5% of adults traveling by public transport</p> <p>Check-ins with staff who travel by public transport</p> <p>Identified all staff shielding or self-isolating</p> <p>Consulted BAME members of staff in June on their potential working day if they are working on site</p> <p>Regular contact with staff self-isolating - emails updates/telephone calls – keeping in touch/weekly check- ins</p> <p>Follow PHE and RBG guidance on cases of COVID-19 and self-isolation</p> <p>No car share due to social distancing DFE guidance updates with regards to travel</p> <p>Regular briefing and de-briefing with staff in school led by SLT</p> <p>SLT and office in regular contact with staff</p> <p>Staff are aware of how to access support for issues such as anxiety, mental health in addition to safeguarding in general</p>	<p>Rates of community transmission of coronavirus (COVID-19) are now reduced to levels below those seen when shielding was introduced. Shielding measures were paused from the 1 August 2020, with the exception of areas where local lockdown means that shielding will continue. Therefore, we advise that those who are clinically extremely vulnerable can return to school in the autumn term provided their school has implemented the system of controls outlined in this document, in line with the school’s own workplace risk assessment. In all respects, the clinically extremely vulnerable should now follow the same guidance as the clinically vulnerable population, taking particular care to practise frequent, thorough hand washing, and cleaning of frequently touched areas in their home or workspace.</p> <p>Staff who are clinically vulnerable (and/or pregnant)</p> <p>Clinically vulnerable staff can return to school in the autumn term. While in school they should follow the sector-specific measures in this document to minimise the risks of transmission.</p> <p>This includes taking particular care to observe good hand and respiratory hygiene, minimising contact and maintaining social distancing in line with the provisions set out in section 6 of the</p>			

	Consider the following steps and recommendations	Existing control measures in place	Additional Controls and actions required	Action by who?	Action by when?	Date action completed
			<p>'prevention' section of this guidance. This provides that ideally, adults should maintain 2 metre distance from others, and where this is not possible avoid close face to face contact and minimise time spent within 1 metre of others. While the risk of transmission between young children and adults is likely to be low, adults should continue to take care to socially distance from other adults including older children/adolescents.</p> <p>People who live with those who are clinically extremely vulnerable or clinically vulnerable can attend the workplace.</p>			
Review Pupil well-being and Risk assessments	<ul style="list-style-type: none"> Review the circumstances of pupils who are likely to be returning – are there any new circumstances that may pose a risk Risk assess individual pupils who need specific care which cannot be delivered whilst ensuring social distancing Risk assess pupils with behaviour issues or who may be potentially violent especially those with a known risk of spitting and or requiring physical restraint Assess pupils who may be worried about returning to school or who have been in challenging home circumstances or experienced bereavement during the pandemic (covid19 related or not) 	<p>Risk assessments in place for identified children with needs and behaviour</p> <p>HT sent daily letter/teachers sent daily learning</p> <p>Daily phone calls to vulnerable families or those who have not been in contact with teachers by GT and SA during lockdown</p> <p>Identify children who may be potentially violent - risk assessments in place and speak to parents. 			<p>given by the team will be followed.</p> <p>In the event of a local lockdown or national lockdown, contingency plans will be in place for remote education support in line with DfE guidance (Guidance for full opening – schools)</p>			
Testing	<ul style="list-style-type: none"> When settings open to the wider cohort of children and young people, all those children and young people eligible to attend, and members of their households, will have access to testing if they display symptoms of coronavirus. This will enable them to get back into childcare or education, and their parents or carers to get back to work, if the test proves to be negative. To access testing parents will be able to use the 111 online coronavirus service if their child is 5 or over. Parents will be able to call 111 if their child is aged under 5. Access to testing for teachers and other staff available to all essential workers. This includes anyone involved in education, childcare or social work – including both public and voluntary sector workers, as well as foster carers. See the full list of essential workers. Education settings as employers can book tests through an online digital portal. There is also an option for employees to book tests directly on the portal. 	<p>Ensure parents and staff have the information for testing on the website</p> <p>Follow guidance for contact of RBG and PHE in the event of a confirmed case of COVID-19</p>	<p>Engage with the NHS Test and Trace process</p> <p>Schools must ensure they understand the NHS Test and Trace process and how to contact their local Public Health England health protection team. Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to:</p> <ul style="list-style-type: none"> book a test if they are displaying symptoms. Staff and pupils must not come into the school if they have symptoms, and must be sent home to self-isolate if they develop them in school. All children can be tested, including children under 5, but children aged 11 and under will need to be helped by their parents/carers if using a home testing kit provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace self-isolate if they have been in close contact with someone who 	<p>SLT/Office staff</p> <p>All staff</p> <p>All children and parents/carers</p>	2/9	Ongoing

			<p>develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19)</p> <p>Anyone who displays symptoms of coronavirus (COVID-19) can and should get a test. Tests can be booked online through the NHS testing and tracing for coronavirus website, or ordered by telephone via NHS 119 for those without access to the internet. Essential workers, which includes anyone involved in education or childcare, have priority access to testing.</p>			
PPE	<ul style="list-style-type: none"> Check availability and supply of PPE. The majority of staff in education settings will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others. PPE is only needed in a very small number of cases including: Children, young people and students whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way if a child, young person or other learner becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If 	<p>Discussion with union representatives on union recommendations for appropriate PPE</p> <p>Plan a school level response for someone falling ill on site and ensure all protective measures are in place and practiced (see section on Confirmed case of coronavirus in a setting)</p> <p>School will procure PPE resources</p> <p>Each staff member in class to have a bum bag with PPE in it (apron, gloves and mask).
