

SONG FOR EVERY DAY

- 1 Songs for every day, help you on your way,
Put the colours back where things are grey.
When you're stuck for words, don't know what to say,
You can sing a song for every day.

CHORUS *There's a song (so sing it!)
Any time (no limit).
There's a song for each and every day.
There's a song (so sing it!)
Anywhere (just bring it).
Help to make the world a brighter place.*

- 2 When the sun is up, and the day is new,
When you hear the cock-a-doodle-doo.
If you're feeling down, when there's lots to do,
You can find a song to see you through.

CHORUS

- 3 When you're on your own, nothing on your mind,
Sing a simple song to pass the time.
You will be amazed, how the minutes fly,
With a little melody and rhyme.

CHORUS

- 4 When you're on the move, walking down the street,
When you feel a rhythm in your feet,
Find yourself a tune, get yourself a beat,
Choose the words to make your song complete.

LAST CHORUS: *There's a song (so sing it!)
Any time (no limit).
There's a song for each and every day.
There's a song (so sing it!)
Anywhere (just bring it).
Help to make the world a brighter place -
Sing a song for every day.*
